

OPERATIVE PLASTERERS & CEMENT MASONS LOCAL 11

The apprenticeship program is offering upgraded training for the following classes. Apprentice and Journeyman welcome. All classes are paid for through the Apprenticeship Journeyman Upgrade Program. Local 11 highly encourage you to take as many of these classes as you can. As we all know it's getting to be harder to get on some of these job sites without a lot of these certifications.

		<u>Date expires/When taken</u>
• First Aid and CPR	(Plasterers and Cement Masons)	_____
• Scaffold Erection and Safety	(Plasterers and Cement Masons)	_____

• Line Setting – Grade Stake Readings	(Cement Masons)	_____
• Floor Grinding & Polishing	(Cement Masons)	_____
• Epoxy Floor Toppings/Staining	(Cement Masons)	_____

Please circle which classes that you would like to take. If you need to renew a class, circle and mark renew with the date it expires. If you have taken any of these classes, Please circle and date when taken. This is very important so that we can get a data base for all of our members of what kind of certifications that they have. Most of these classes will be done in the member's home area. Some are subject to size limit so they will be on a 1st come 1st severe bases. If we need to we will put on extra classes to accommodate.

Local 11 and the Apprenticeship Program will now have a web-site that you can also go to.
